

## Octa Lune

A worthy heir to the Octa collection, the OCTA LUNE (38 mm) combines the aesthetic refinement inherent to the brand with an exclusive and innovative movement providing a power-reserve of more than five days. The dial in 18-carat yellow, red or white gold, with the guilloché silver hour and minute circle, features a patented F.P. Journe large date display, as well as power-reserve moon-phase indicators. The cases are crafted exclusively in platinum, apart from a red gold version. An "Invenit et Fecit" watch that will appeal to a public in quest of elegance combined with authentic and innovative horological sophistication.
